SUMMARY

Frontend developer with over two years of professional experience in designing and developing B2B customer portals and e-commerce solutions. Specializing in React, TypeScript, and Next.js. Thanks to my training as a screen designer and media designer, I combine technical expertise with a keen eye for clean UI implementation and user guidance. I am seeking a position where I can actively contribute, take on responsibility, and further develop my professional skills.

TECHNICAL & PROFESSIONAL SKILLS

Frontend	JavaScript (ES6+), TypeScript, React / React.js, Next.js, Solid.js, HTML5, CSS3/SCSS
E-Commerce & CMS	OXID eShop, WordPress
Additional Skills	Laravel, PHP, Git, npm, REST APIs, Figma, Responsive Design, Component-based architecture

WORK EXPERIENCE

Web Developer

cgrd GmbH, Hamburg | 08/2023 - 10/2025

- Independent development and enhancement of multiple B2B e-commerce solutions based on OXID eShop, including custom API integrations and client-specific adaptations.
- Conceptualization and implementation of modern customer portals using React, TypeScript, and Solid.js to improve performance and user experience.
- Close collaboration with design and backend teams to realize complex, client-specific requirements.

Graphic Design Internship

inwave media GmbH, Hamburg | 08/2018 - 09/2018

- Development of an esports website using WordPress and JavaScript for official esports teams.
 - Creation of multiple advertising campaigns—including for Warner Bros.—using Adobe Creative Suite.
-
